ARE YOU INTERESTED IN WORKING WITH THE MARINE BIOLOGY SECTOR?

Apply for Access to
Top-Class Research Infrastructures
with ASSEMBLE Plus

ASSEMBLE Plus offers transnational access to over 30 marine research installations in 15 countries across Europe and overseas.

With a special focus on young scientists and small to medium-sized enterprises, successful applicants will be able to carry out scientific research in the marine science field of interest.

ASSEMBLE Plus sponsors teams of up to two researchers to:

• Access the available research infrastructures (outlined below)
• Travel (one round trip per person in economy class)
• Subsistence (meals and accommodation for up to 30 days including weekends)
• Shipping of material (from the Access Provider to the researchers’ home institution, up to €400).

Please check for updates on available services, call dates, application procedures and any further information on current and upcoming calls for access on: www.assembleplus.eu

AVAILABLE RESEARCH INFRASTRUCTURES COVER:

- ACCESS TO ECOSYSTEMS
  Research vessels, SCUBA diving facilities, submersibles.

- BIOLOGICAL RESOURCES
  Marine model organisms, culture collections, biobanks.

- TECHNOLOGY PLATFORMS
  Molecular biology and -omics imaging, bioassays, structural & chemical analysis.

- EXPERIMENTAL FACILITIES
  Tanks, mesocosms, bioreactors, wet & dry labs.

- E-SERVICES
  Data sets, data analysis, computing, storage.

This project has received funding from the European Union’s Horizon 2020 research and innovation programme under Grant Agreement no. 730884 (ASSEMBLE Plus). This output reflects the views only of the author(s), and the European Union cannot be held responsible for any use which may be made of the information contained therein.
